

# This waste bin is only for food waste and paper towels.

All plastic (cups, pots, trays, tubs, inserts, bags, cutlery), cardboard, paper, foil should be cleaned and placed in the green bin.

## Does it really have to be clean?

Yes, wherever possible, please clean your recycling. If a bag of recycling looks like it has dirty or non-recyclable items in it, the whole bag may be sent to landfill, rather than be recycled.

## Any plastics? Are you sure?

Yes! We use PrintWaste as a contractor for our recycling. They are separate from the council and hand sort recyclables at their depot outside Bishops Cleeve.
