

We're open!

Now you can visit our wards between 9am – 9pm, every day.

This is being introduced to provide you with more opportunity to visit your relatives and friends whilst they are being cared for in our hospitals.

**New ward
visiting times:
9am – 9pm
every day**

In order to provide the best care for our patients we may need to provide treatment and interventions at different times during the day:

- We ask that there are no more than two visitors at any one time
- For clinical reasons, we may ask you to come back later or move to another area of the ward for a short period of time to maintain the confidentiality, privacy and dignity of all our patients
- Some of our wards have a rest period during the day, this allows our patients to get extra rest for a speedy recovery
- Please ask the nurse in charge if you wish to arrange a time to speak to a doctor or a member of the care team
- Don't be afraid to help your relative or friend with their care needs, please talk to a member of the team for further information
- Please ask us how you can help support your relative or friend to enable them to be discharged more quickly

For updates on visiting, follow us on twitter @gloshospitals #VisitMe
