

**Blood Transport and Storage Policy TRPOL 018
(Policy Library Code A0356)**

Versions 1-4 of this policy are archived in QWB as TRPOL018.

When transferred to the GHNHSFT Policy Library as A0356 it was published as Version 1 within the Policy Library. Thereafter when the policy is updated within the Policy Library the outgoing version will be archived in the Policy Library Archive Store.

Revisions to this policy will continue to be instigated and carried out by the Blood Transfusion Department in conjunction with the Hospital Transfusion Team and Hospital Transfusion Committee and then authorised by the Trust Policy Approval Group.

Change control is recorded on each revised version

All superseded versions will be retained in the GNHSFT policy library archives. The current version of the policy can be viewed on the intranet via the Policy Library homepage and can be searched for by name, **Blood Transport and storage, or code A0356.**

Archived versions held in the Policy Library Archive Store can be accessed by contacting the administrator for the Trust Policy Approval Group.

Archive versions prior to this can be accessed on Ideagen Quality Workbench

(Note: this one page document has been changed from User Ref TRPOL 018 to TRPOL 018 NOTE)

The issue number on this note document does not need to stay in sync with the version number of the TRPOL 018 on the Policy Library intranet pages.)

The previous version of TRPOL 018 NOTE is listed as Issue 6.0
