What to Expect from a Graduation....

The end of a Silver course is marked with a Graduation event to celebrate all the hard work and progress that has been made on issues or problems impacting patients and staff at Glos Hospitals. Graduations tend to happen every 3 months and they take place in one of the lecture halls at Redwood or Sandford. There's usually between 8 and 10 projects that are presented over the course of the morning, with a few minutes for questions for each of the projects.

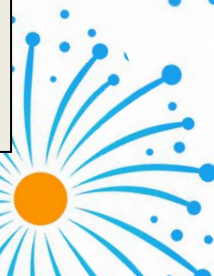

Come Along, Listen in and Get Involved!

Ready to Graduate? If you're part of a project team who have undertaken a Silver and feel you are ready to Graduate (both workshops attended, mandatory modules confirmed as completed – Progress Update (Presenting your Progress), Measurement and Patient Experience modules), please contact #TeamGSQIA [via email](#) for slides and poster templates
