Private, Non Invasive Prenatal Screening with the *Harmony* Blood Test

- A Harmony Test otherwise known as NIPT is a DNA based test for 3 chromosomal abnormalities.
- This is an enhanced screening test that is not routinely available via the NHS for uncomplicated pregnancies.
- It can provide an additional level of reassurance for women.
- This service is provided by our Fetal Medicine Consultants who will support you through the test and the results.
- The test can be carried out from 10 weeks of pregnancy.

For more information or if you would like to book an appointment please contact the Ante Natal Screening Co-ordinators on:

0300 422 2415 or 0300 422 6106
