Dear

Re: BOSS (Barrett's Oesophagus Surveillance Study)

Thank you for your continued help with the above study.

I am sending you your two-yearly, routine health questionnaire for the BOSS study. I hope you will complete the questionnaire and then return it to us as soon as possible. I have included a stamped addressed envelope for its return.

If you have needed an endoscopy in the last two years you may have been asked to complete an extra questionnaire at the same time as your investigation but it would be still helpful to us if you could complete this one.

If you have recently moved house or are about to move, we would be grateful if you would let us know your new contact details by completing the slip below, and returning it with the questionnaire.

Yours sincerely

Professor Hugh Barr MD, ChM, FRCS, FRCSE, FHEA. (Chief Investigator BOSS)

BOSS Ref: (at the top of the letter)
